

Size Guide

Think of it like picking the perfect pair of gloves

testa-seat is designed to offer that extra layer of support, tailored specifically to your child. That's why it's essential to take accurate measurements before placing your order, ensuring a snug and comfortable fit every time!

Size Guide

At Testa-Seat, we prioritize providing the best-fitting seating solution for your child. To ensure the perfect fit, we ask that you take precise measurements of your child before placing an order. This tailored approach ensures that you receive the right size seat, providing optimal comfort and support for your child's needs.

If our sized product doesn't perfectly fit your needs, we can customize the seat to your child's specific requirements, ensuring optimal comfort and support tailored to their unique needs. Please check "Customization based on size" section

Customization

Based on Body Measuring

If no seat size fits your child, you can take precise measurements using a caliper.

Be sure to measure your child while they are seated, and record the exact body measurements (Actual). If any adjustments are needed, please specify the measurement along with how much you'd like to add (+) or reduce (-) from the actual size.
